AZ CORP COMMISSION  
DOCKET CONTROL

Dear Sir or Madam:

T-01051B-09-0167

This filing is being made on behalf of Qwest Corporation (QC), Entity Code T-01051B.

Enclosed for filing with the Commission is an original plus thirteen (13) copies of a revision to Qwest's Exchange and Network Services Price Cap Tariff and Qwest's Competitive Exchange and Network Services Price Cap Tariff No. 2.

This filing clarifies tariff language to show the optional features that are available with Low Use Option Service. Those features include Caller ID Line Blocking, Wire Maintenance and Toll Restriction. The optional features may be purchased at the customer's request at current rates as found elsewhere in the Price Cap and Competitive Price Cap tariffs.

QC respectfully requests that these proposed verbiage revisions become effective May 5, 2009.

Acknowledgment and date of receipt of this transmittal are requested. A duplicate letter and self-addressed, stamped envelope are attached for this purpose. If you have any questions regarding this filing, please contact me directly.

Sincerely,
